CHICAGO CLEAN AIR RESILIENCE NETWORK (CHI-CARN)

WHO WE ARE

Chicago Clean Air Resilience Network (Chi-CARN) is a coordinated, multi-partner initiative led by Air Support Project (ASP) to address a critical system gap: Chicago lacks a coordinated, equitable system for delivering clean air resources for both acute and chronic indoor air mitigation events.

OUR EQUIPMENT

Chi-CARN maintains a lending library of clean air equipment and PPE through Windy City ToolBank's Pilsen warehouse. Our equipment is available at no cost to mission-driven organizations across Chicago, supporting both community distribution and safe continuation of their work in the presence of airborne health risks.

Durable Hardware

- High-CADR air purifiers
- Portable air quality sensors (PM2.5, CO2, and radon)
- PortaCount Fit Testing Machines
- Far UVC lights
- Air scrubbers and dehumidifiers
- Vacuums with HEPA filters

Consumables

- K95/N95 respirators
- DIY air purifier kits
- Rapid tests (COVID, influenza, RSV)
- Fit testing kits
- Mold and radon tests

SIGN UP

Register for a free Windy City ToolBank membership to request Chi-CARN's equipment and supplies. We serve nonprofits and mission-based groups, 501c3 is not required.

CHI-CARN OPERATES FROM WINDY CITY TOOLBANK LOCATED IN PILSEN.

1100 W. Cermak Road, Suite 127,
Chicago, IL 60608
